

## The Carving and History of Mount Rushmore

### Bring Mount Rushmore National Memorial into Your Classroom.

This program offers extensive and exciting ways to bring Mount Rushmore National Memorial to your classroom. You will be able to teach students the meaning and significance of Mount Rushmore using participation, and hands-on learning techniques.

### Curriculum Guide Available For Grades 1-5

#### Units Include:

- **Art**

Mount Rushmore is viewed along with other works of art to find meaning behind Gutzon Borglum's sculpture.

- **History**

Mount Rushmore represents freedom and democracy. This lesson identifies conflicts in history and how they were resolved.

- **Teamwork and Communication**

Students will learn how important teamwork and communication were in the carving of Mount Rushmore.

- **Master Measuring**

Measuring and scaling were important skills for the workers. Students will understand how they measured and scaled from the design model to size the mountain sculpture.

- **Stories And Story Telling**

Through storytelling, Mount Rushmore stays fresh in the minds of present and future generations. This unit focuses on accurately recording events in our history.

- **Geology**

The geological changes at Mount Rushmore are numerous. Students will become familiar with processes of rock formation and erosion.
